Weather permitting; starting Monday, April 2, 2012 at 8:30 a.m. through 4:30 p.m., the west bound outside lane of West Main Street between Ed Noble Parkway and 36th Ave West will be diverted into the middle lane in order to allow the replacement of an existing natural gas pipeline by Oklahoma Natural Gas Company. The sidewalk will be temporarily closed on the north side of Main Street in the same area. Each day for two weeks the same diversion/closure will occur. Traffic control will be provided to protect the traveling public. Vehicle and pedestrian traffic will be allowed on this portion of West Main Street after 4:30 p.m. each day.
